

# Without UFAA....then who?

Who would remind Farmers to keep the promises they made to the Agency Force?

Who would challenge Farmers in court to abide by the terms of the Agents Appointment Agreement?

Who would make available a Tax Kit that saves thousands of dollars in taxes when you retire or leave the company?

Who is lobbying in Washington, to have your contract value treated as Long Term Capital Gains rather than ordinary income?

Who is working to save Farmers Agents from predatory practices of appointing independent agents, banks and insurance affiliates of national mortgage companies in the same states that we operate in?

Yes, UFAA is doing all of the above and more. And we need your help. Become part of the solution. Join today and show the company you care by filling out and mailing or faxing in the application below.
