

Farewell to Farmers Clients

It hardly seems possible that over a quarter of a century has passed since I became a Farmers agent. I just celebrated my (number of years) anniversary, but it will be my last one as a Farmers agent. I have made the very difficult decision to leave Farmers and continue my insurance career as an independent agent.

My last day as a Farmers agent will be (Month) 31, Year. The agreement we must sign to become a Farmers agent requires that we sell our policies back to Farmers when we leave or retire. The agreement also prohibits us, for a one-year period, from moving any Farmers policies to another company. Your Farmers' policies will be assigned to another Farmers agent in the area. That agent will be in touch with you after (repeat above date). If you have any questions or concerns about your Farmers policies after (repeat above date), and before your new agent contacts you, please call Mr/Ms. ??????, Farmers District Manager, at (???) ???-???? for assistance.

As many of you know, Farmers agents can place business with other companies when that business is ineligible or unacceptable to Farmers. While I cannot continue to service your Farmers policies, I can and will continue to service those policies that we secured for you through other companies.

We will be relocating our office to 100 Anyplace, San Jose, CA 94444. Our new phone numbers will be (???) ???-???? or toll free (888) ???-????.

Many of you have allowed me to handle your insurance business for more than two decades. I can never adequately express my appreciation and gratitude for such loyalty, especially when insurance is available from so many sources besides a personal insurance agent. Thank you for that privilege. If you have any questions or concerns, please feel free to contact me at (???) ???-???? until (Month) 31, or at (888) ???-???? after that date.

Sincerely,
